Work experience

(April 2020 – To date)

Working as a developer at Wazawa college of arts media and design with the following responsibilities :

1. College website design, development and hosting,
2. College E-learning website design, development and hosting,
3. Website management and maintenance.

My achievement during working time is successful developing a college website and College E-learning system.

College website domain : wacamed.com

College E-learning website domain : lms.wacamed.com
